

# BRING BEST-IN-CLASS EXPERIENCES TO YOUR HIGH-IMPACT MEETING ROOMS

## DOUBLE EXCELLENCE

Yealink's MCore mini-PC, intelligent camera and touch panel and Q-SYS's premium audio system work seamlessly to offer advanced audio and video experience, especially for the high-value spaces.

## ALL CONTROLS IN ONE PANEL

Integrated with Q-SYS, Yealink Touch Panel enables users to easily set the call volume/mute with one touch on the panel. Users can also enjoy room controls such as displays, shades, and lighting.

## FOR TEAMS, ZOOM AND BEYOND

Yealink and Q-SYS joint solutions both are certified by Microsoft Teams and Zoom and validated to use with other video conferencing platforms. Users can enjoy the best-in-class meeting collaboration experience on any platform they like.

# Examples of High-Impact Spaces

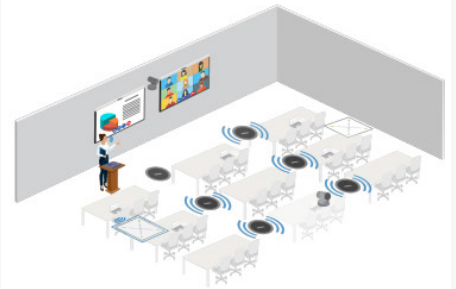

The following illustrations show examples of room configurations with Yealink video devices and Q-SYS audio components in different size rooms and scenarios.

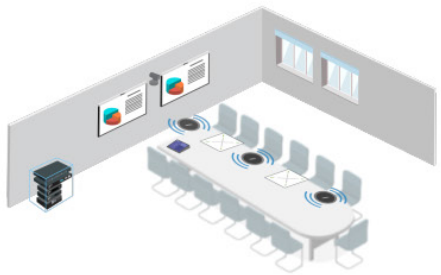

Flexible / Divisible Rooms

Executive Space

Training Room / All Hands

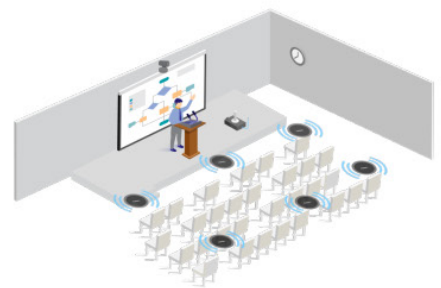

Boardroom

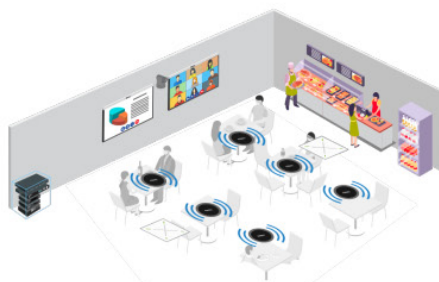

Immersive Room

Reverberant Room

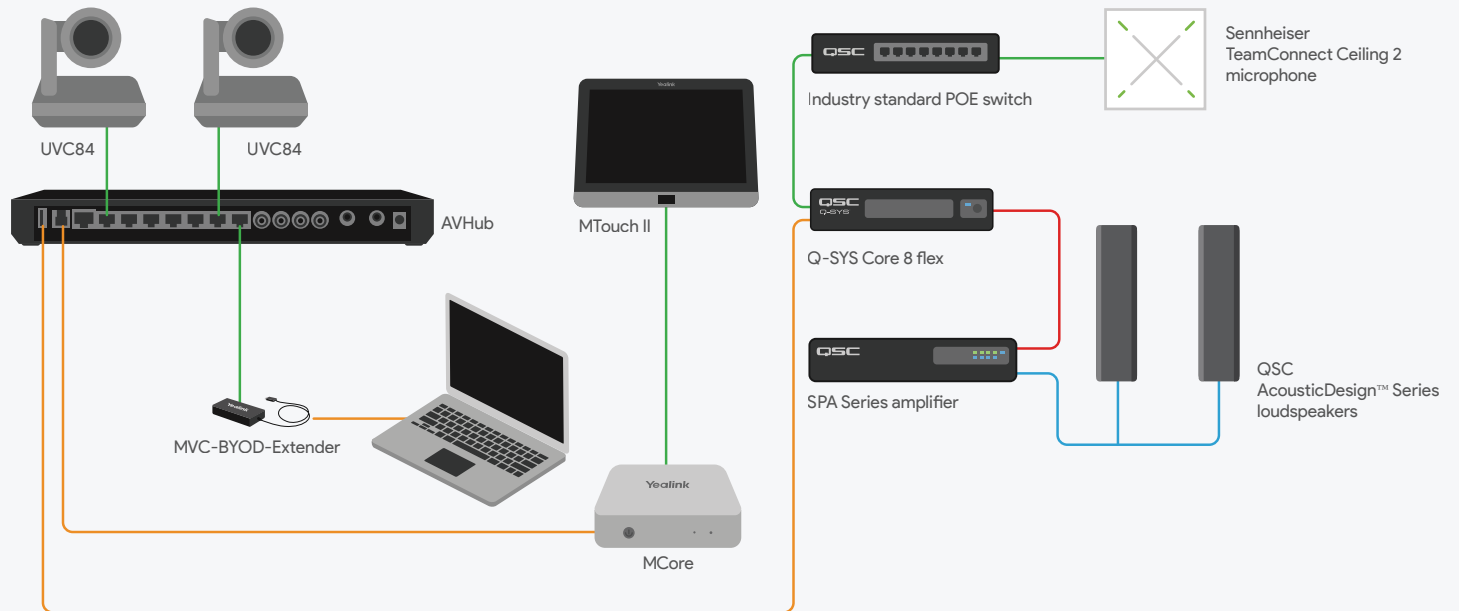

Tech Talk / Auditorium

Multipurpose Spaces

# Example of Wiring Diagram

■ Standard Ethernet  
 ■ USB 2.0 or Higher  
 ■ Mic/Line  
 ■ Loudspeaker
